PROJECT ACRONYM AND TITLE: MIMOSA - Maritime and Multimodal Sustainable passenger transport solutions and services

FUNDING PROGRAMME: 2014 - 2020 Interreg V-A Italy - Croatia CBC Programme

CALL: Call for proposal 2019 Strategic

HOST DEPARTMENT: Department of Management

SCIENTIFIC RESPONSIBLE: Andrea Stocchetti

FINANCIAL DATA:

Project total costs	Overall funding assigned to UNIVE
€ 7.140.000	€ 503.300

ABSTRACT:

MIMOSA project, with the aim of improving the offer of multimodal sustainable passengers transport solutions and services, promotes a new cross-border approach for passenger mobility in the Programme area. The project partnership, composed by the main actors at regional and national level in both countries, is determined to jointly tackle the common challenge of increasing multimodality, reducing the impact of transport on environment. Having a result-oriented approach, in developing visible outputs, ranging from multimodal solutions to innovative and smart tools and technologies, MIMOSA is focused to change the current situation affecting the crossborder and regional connections, making more accessible, low-carbon and sustainable the mobility of passengers in the whole Programme area. A cross-border cooperation approach is necessary for solving the common problems of a predominant road traffic and of a low level of connectivity between the two countries, for providing to citizens and tourists a wider offer of mobility sustainable options, based on a shared knowledge on transport demand and passengers habits and needs, which makes the project original in comparison to previous initiatives. Thus contributing in achieving the medium-term result of passengers behavioural changes.
