

Ca' Foscari
University
of Venice

**Our venues
for your events**

Ca' Foscari can boast a large number of venues, each with its own unique history, style and charm. Our architectural heritage includes great palaces with striking halls, courtyards and gardens, like that of Ca' Dolfin and the Auditorium Santa Margherita - Emanuele Severino, but also recently renovated and even entirely new buildings, such as the San Giobbe Campus and the Scientific Campus in Mestre.

Our venues can host seminars, courses, conferences, congresses and cultural events, both local and international. Courtyards and interior spaces can also host catering services for coffee and lunch breaks. You can hire your own catering service or choose one of our affiliated businesses . All venues are equipped with technical and multimedia tools that can be adapted to every need.

Name of the room	Historic House	Capacity	Layout				Space for catering services	Courtyards and outdoor spaces	Bar inside the branches
